

## Decision Making

Please write your answers on a separate sheet of paper. Each answer should be at least a paragraph long. (3 paragraphs or more) This is challenging, but I know you can do a great job! Please call me with any questions 402-444-7698. Good Luck!!!!

1. Humans have the ability to make decisions or choices. We do this every day. We are not controlled by nature, or some unknown force, we have the freedom to choose what we think, and how we feel. All of our choices have reactions. Our choices have consequences. What are the potential consequences of violating the law? Think both in the short –term and long –term consequences.
2. Our choices do not only impact us. They affect others. In what ways does your law violation affect others? ( Think about family, the retailers, consumers, the criminal justice system, and friends)
3. We are all human. We all make mistakes. The key to success and happiness is the ability to learn from our mistakes. Live and learn is something you can say to create a positive powerful habit. What are some things you have learned from your situation and experience in all this?
